The main speaker will be Rep.

George M. Van Peursem. Others who will attend are: Senator Frank Beadle, Representative Ross Stevens, 10th

District President Al LaPorte of Stanish who will be master of

ceremonies.

Following the main address, the state chairman, Senators and Representatives and candidates present will form a panel and will answer questions addressed to them from those present. Mr. LaPorte will act as moderator.

Also contributing to the growth in car ownership has been the rise in family income over the years.

The net result, in Crawford

County, has been a gain of 21.3

percent in passenger car registrations between 1954, when a previous survey was made, and 1960.

The present automobile population in the United States would be even greater than it is say the experts, but for the problem that has arisen because of traffic congestion, especially in urban areas, is one of them. Parking is another.

Car owners are chalking up more mileage now than they once did. The reason for it — better road conditions in most parts of the country and more leisure time for the average family in former years. The mileage per car is just under 10,000 a year.

With the number of cars in Crawford County, local drivers are doing an estimated 18 million miles a year, on that basis.

Don't Need Con-Con . . .

Mark April 3 on your calendar. That's the day you will vote in the Biennial Spring Election and the day you should vote "No" on the Constitutional Convention proposal on the amendment ballot.

Much time and effort has been devoted by several groups analyzing the benefits you could possibly gain by a constitutional convention. All investigation to the conclusion that Con-Con is a waste of your dollars and is detrimental to our present system of government.

In the November, 1960 election, a sufficient percentage of the voters favored placing the Con-Con question on April 3 ballot.

It is interesting to note, however, that there were 12 counties in the state that recorded more "Yes" than "No" votes. Those were populous counties, largely in the metropolitan areas and their excess "yes" votes were sufficient to overcome the majority "no" votes in the remaining 71 counties.

Major reasons why many groups have opposed Con-Con is the great expense involved and the lack of support for revising the State Constitution.

On the expense issue, it has been learned that a convention would cost upwards of \$2 million of your tax money.

The general breakdown of this figure includes approximately \$750,000 for special primary and general election costs; up to \$1,080,000 pay for the 144 delegates; such as \$31,248 in travel pay for the delegates, and up to \$162,000 in salaries for secretaries, janitors, etc.

There is also the fact that no room in the Capitol is enough to hold 144 delegates. This would necessitate renting a building for almost eight months.

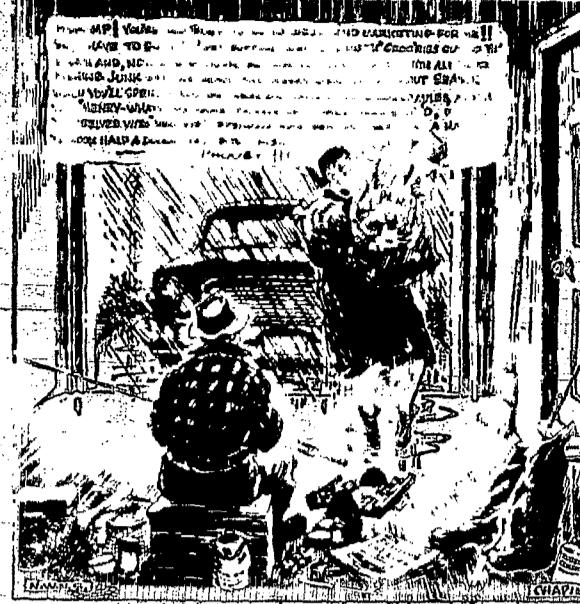

There is a lack of need for a Con-Con because the current constitution is flexible enough to permit governmental changes through direct amendment. Did you know that voters have amended the constitution 69 times since it was drawn up in 1909?

There are many other reasons why the groups oppose Con-Con. Promoters of Con-Con have indicated they want to get rid of what remains of the protection afforded by the 15-mill limitation amendment relative to property taxes. They want to eliminate the distribution of sales tax to schools and local units of government.

They also want to repeal the anti-diversion amendment relative to restricting highway revenues for road repairs and construction, and would like to reduce the number of counties or curtail the number of functions of townships.

Most important, they want to revamp provisions relative to legislative districting and apportionment so as to representation in both branches of the legislature would be solely on a population basis, with no other factors.

ANOTHER SATURDAY MORNING LECTURE

tors taken into consideration.

In a nutshell, the objectives of the backers of the Con-Con proposal seem to be characterized by the words, Centralization and Socialism. The proposed changes are in tune with the current trend toward Big Government and less rights and powers for individuals and local units.

There seems to be a desire to get rid of the provisions which the people have written into their Constitution by direct vote.

These are some of the reasons why we urge you to vote "No" April 3 on the Con-Con proposal.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

March 24, 1938

The store owned by the late Christian Olsen, which was commonly known as "Chris", was purchased Tuesday by Earl Devere. This store has been a favorite among Grayling people as well as many resorters for some time and citizens are glad to have this business continued by well known, local people.

Mr. Dawson has been the local A. & P. store manager for the past many years while Manager Devere has lived here all of his life, graduating from Grayling High School in the class of 1931.

These two gentlemen are receiving congratulations on their new enterprise and are wished every success in business.

Grayling's eighth annual independent basketball tournament to determine the Northern Michigan champion opened Monday night at the Grayling school gymnasium with Grayling merchants tournament hosts and those competing all tournament champions.

Gaylord, Petoskey, Houghton Lake, and Grayling survived the first night's games to go into the semi-finals.

Gaylord by defeating the Roscommon Ramblers 30-28; Houghton Lake by nosing out Kalkaska 18 to 17; and Petoskey taking Cadillac by storm 36 to 16. Grayling won by reason of a forfeit when West Branch failed to show up. Wednesday night Grayling defeated Petoskey 39 to 36; Gaylord won from Houghton Lake 22 to 17. Final championships will be played tonight.

Grayling's basketball and Goetho and Borcher are nicely handing the refereeing.

Charles E. Forsythe, Mr. Tom Stalker, Alpena High School Mr. and Mrs. Stalker:

We appreciate your letter of March 13 concerning the efficient management of District Basketball Tournament No. 78 at Grayling under the direction of Mr. Frank Bond.

Mr. Bond has always done an outstanding job in managing tournaments at Grayling and the fine facility which is made available there has done much to make this one of the outstanding tournaments in the state.

Yours sincerely,

Charles E. Forsythe

I would like to add to this letter that the fine work of the City Police and the help of many people both from and outside the school staff and student body, contributed greatly to the success of this and previous tournaments.

We could not have successful tournaments without such fine cooperation.

REPORT from LANSING — ROSS O. STEVENS, Your State Representative (Provo Isb. District)

Your legislature may have gotten off to a slow start, but there is nothing slow about it now. Approximately 650 House bills have been introduced. Of course, all of these bills will not become law.

My impression right now is that it is important to keep bad bills from passing as it is to pass good bills.

One bill, House Bill 23 that I opposed has passed the House. This bill, now in the Senate, would require that highway violations be tried in a justice court in the town or city of origin. If this bill becomes law, an offender on M-33 near the Presque Isle County border would be required to travel to Atlanta (12 miles) then to Hillman (10 miles) then north to the justice court — a distance of 24 miles (plus mi.). I hope the Senate will modify this bill.

Joint Resolution 41 caused me

to lose another vote. This resolution would have required that property be assessed at not more than 50 percent of actual value for taxation purposes. Now up to 100 percent of actual value can be assessed.

Voting on H. R. "E" was not entirely along party lines but largely so. Detroit representatives largely were opposed. Many of my party thought this resolution would have given some relief to property owners large and small.

One gets the impression that there is a lull before the storm in conservation legislation. Two House Bills have been introduced.

One would prohibit the Conservation Department from permitting doe and fawn killing. The other would give the Boards of Supervisors of the counties involved some authority.

Probably there are others in the offing. Undoubtedly, nothing will solve entirely the problem of deer and game shortages. Having been a supervisor and closely associated with supervisors for the past 4 years, it is somewhat disgusting to hear all the insinuating remarks about our supervisors. Perhaps supervisors are not entirely qualified to manage our deer herd, but most certainly it would be going too far to say that they could not do a good a job as has been done the past years.

Kiwanis International Wins Its Tenth Top Freedom Foundation Citizenship Award

Kiwanis International has won its tenth top award in the annual Freedoms Foundation citizenship contest, it was announced today by Joseph E. Hull, President of the Kiwanis Club of Grayling. The high honor specified as the Distinguished Service Award came to Kiwanis on February 22. It was presented at the annual Freedoms Foundation awards ceremony at Valley Forge. The award was made for Kiwanis' CQ (Citizenship Quotient) project which encouraged citizens to determine the extent and kind of their individual citizenship activities (citizenship quotient) and to take steps to correct any deficiencies noted. Kiwanis has won a top award in all but two of the twelve annual Freedoms Foundation citizenship contests.

According to Mr. Hull, "The Freedoms Foundation Award has long enjoyed the same stature in the community service field as the 'Oscar' in the motion picture field, and the 'Emmy' in the television field."

About twelve hundred Kiwanis clubs in the United States and Canada are currently operating CQ programs, and several hundred organizations of other types, including manufacturers, other service organizations, trade associations, etc., have also started CQ programs.

Approximately eight hundred awards were made on February 22 by the Freedoms Foundation, Mr. Hull said.

On Tuesday evening she was hostess to the Lutheran Jr. Aid and on Wednesday she opened her home to the Just Us Club.

Mr. Marvin James Forbes returned to his duties at Ft. Sill, Oklahoma on Saturday after enjoying a two-weeks furlough. He was accompanied by his wife and son James Michael who had been staying at the home of his parents, Mr. and Mrs. Aubrey Blaine.

The last male member of the Alvin Moore family has succumbed to the lure of the army air corps. Richard joined the air force on Monday and left for Lackland AFB, Texas on Wednesday. Starting with World War I the Moores have contributed five members to the ranks of the service.

Dick Dawson of Detroit was a guest of his parents, the Earl Dawsions, a couple of days last week while working in the area.

Norm Dawson and family of Mt. Pleasant visited the DeVete and Earl Dawson families on Sunday the 12th.

Mr. and Mrs. James Bond and Jeff of Lincoln, spent from Thursday the 9th until Sunday visiting their parents the Frank Bonds and Byron Randolphs and attended the tournaments.

Mr. and Mrs. Eugene Papendick called on relatives in Fife Lake on Sunday the 12th.

In the Gaylord Herald-Times school news we note that Tom Tapio, son of Mr. and Mrs. Henry Tapio was chosen teen of the week. He was born in Grayling on January 17th, 1944, according to the article. He was treasurer of the ninth grade and vice-president of the 10th and 11th grades. He was the Student Council for two years a member of the Key Club for the same period of time of which he was also vice-president. His favorite sport is skiing and he is on the ski patrol at Snow Valley. Tom's future plans include college.

Mr. and Mrs. George Daniels, sons George and Marc and their daughter and husband, Mr. and Mrs. Robert Knapp of Midland were Sunday guests on the 14th of Mrs. Daniel's sister, Miss Frances May.

Still unexplained, however, are the periods of atrocious traffic records and the periods of very safe driving by Michigan motorists which occur without rhyme or reason throughout the year.

COLORFUL FALL FESTIVALS in Michigan, the well-

known county fairs, can get money from the state department of agriculture for putting on their show if they qualify under a rule recently established.

Matching funds up to \$2,500 from the state to any one fair are available annually, the department has announced.

The new system works this way:

Duly authorized officials of the fair have to contact the director of agriculture requesting that the matching funds be furnished.

After preliminary approval is given, the fair organizers must furnish any additional information that the director of agriculture might ask for.

Then, the authorized work must be completed as quickly as possible after the final approval is handed down.

Only "new" constructions, remodeling, maintaining, repairing and/or otherwise making fair buildings more suitable for fair purposes, and/or making race tracks more suitable for racing at said fairs, would be eligible for the state assistance.

The money would be paid only after the director of agriculture or his representative has inspected the new construction and found it suitable for the matching fund program.

Then half of the cost would be turned over not to exceed the \$2,500 limitation from state coffers.

Aim of the whole program is to give the county fairs a badly needed shot in the arm. Many of the buildings have become run down through disuse except for the fall fairs, and the department of agriculture believes that these traditional shows should continue in Michigan because of their numerous advantages to the rural communities.

Pardon Our Mess...

We are remodeling our store, and if it should seem sort of messy, noisy, or hard for you or us to find what you want, please bear with us.

In a few weeks, we hope to have an entirely new concept in Department Store merchandising ... in keeping with our firm belief in Grayling's history-making past and its record-making future!

Since its incorporation in 1902, the Grayling Mercantile Company has earned a wide reputation not only as one of Michigan's finest retail stores, but as an integral part of the community of Grayling, keeping abreast of its growth and contributing materially to its civic progress.

Our new store will be everything we can make it to serve you better. To serve constructively has been our single-minded purpose for over seventy-five years, and we are justly proud of this record. More — contributing to the progress of Grayling as a whole, has been just as important a source of reward to us, as our own advancement.

Again, please excuse our messy condition. We will be open for business all during our remodeling, and cordially invite you to come in often to view our progress. We hope to have a gala grand opening event later in the season.
